UCN acknowledges that we are on the traditional territories and homelands of many Indigenous peoples, who have existed here since time immemorial. The First Nations in the area that UCN serves entered into treaty relationships with the Crown and the territory has also become home to other Indigenous peoples. We uphold the treaties and collaborate with all Indigenous peoples to share truth, reconciliation and learning.

Project Management Excellence

Virtual Course

Take your project management skills to the next level.

The “Project Management Excellence” course is designed for managers and employees who have a basic understanding of project management and want to go to the next level. If you want to manage small to medium size projects in your organization, participate actively as part of a project team or are hire project managers for your organization this course will help.

In this course you will explore and apply the project management processes that will enable you to successfully set-up, manage, and complete a project.

Course Design and Features

“Project Management Excellence” is a virtual, live, interactive, and applied course. As an applied learning course, you will use your own experience, project, and examples to apply the course content.

The course includes 24 hours of instruction divided into five units. Each unit is aligned with a project management process and with the Project Management Body of Knowledge. You will use a variety of small and large group conversations, exercises, tools, and templates to explore and apply key processes within each phase of the project management lifecycle.

The course also includes:

- Pre-course technical orientation
- One copy of Project Management Excellence Participant E-booklet
- Project management templates

Participant Benefits and Take Away
